ANNE BROOK

Honorary Students

At present the Valedictorian and Salutatorian of the graduating senior class are chosen by numerical average. In order to attain one of these honors, the student must be in attendance in the Eau Claire High School for three years. However, the average for the entire four years is taken into consideration.

After this year the Valedictorian and Salutatorian will be selected according to grade points. The accomplishment of the student and the service rendered to the school will be considered likewise.
